

Transform your world with Keep Motoring insurance cover from AIMS!

Transform your world... simply take out a Keep Motoring policy and you could be on your way to the Desert of Dubai! Keep Motoring is delighted to celebrate the launch of **Transformers: Revenge of the Fallen** at cinemas near you from 19th June and can offer this fantastic prize courtesy of our friends at Paramount Pictures UK.

Why you need a Keep Motoring policy. Most Motor Insurance Policyholders are aware that their Comprehensive policy will provide a courtesy car if the insured vehicle is in for repairs following an accident. However it is not commonly known that if the vehicle is stolen or written off no courtesy car is provided and payment on these types of claims are rarely settled quickly. The client is without a car for this period unless he himself pays for a hire car and this is where Keep Motoring fills the void by providing a car following a theft or total loss. Our policy provides a hire vehicle for an agreed period (typically 10/14 days) until the claim can be settled and a new vehicle purchased. Ask your broker to sign you up now!
